- Up to 60 microinverters
- Requires Envoy software 4.10.XX or later

### SKU: CELLMODEM-M1-B

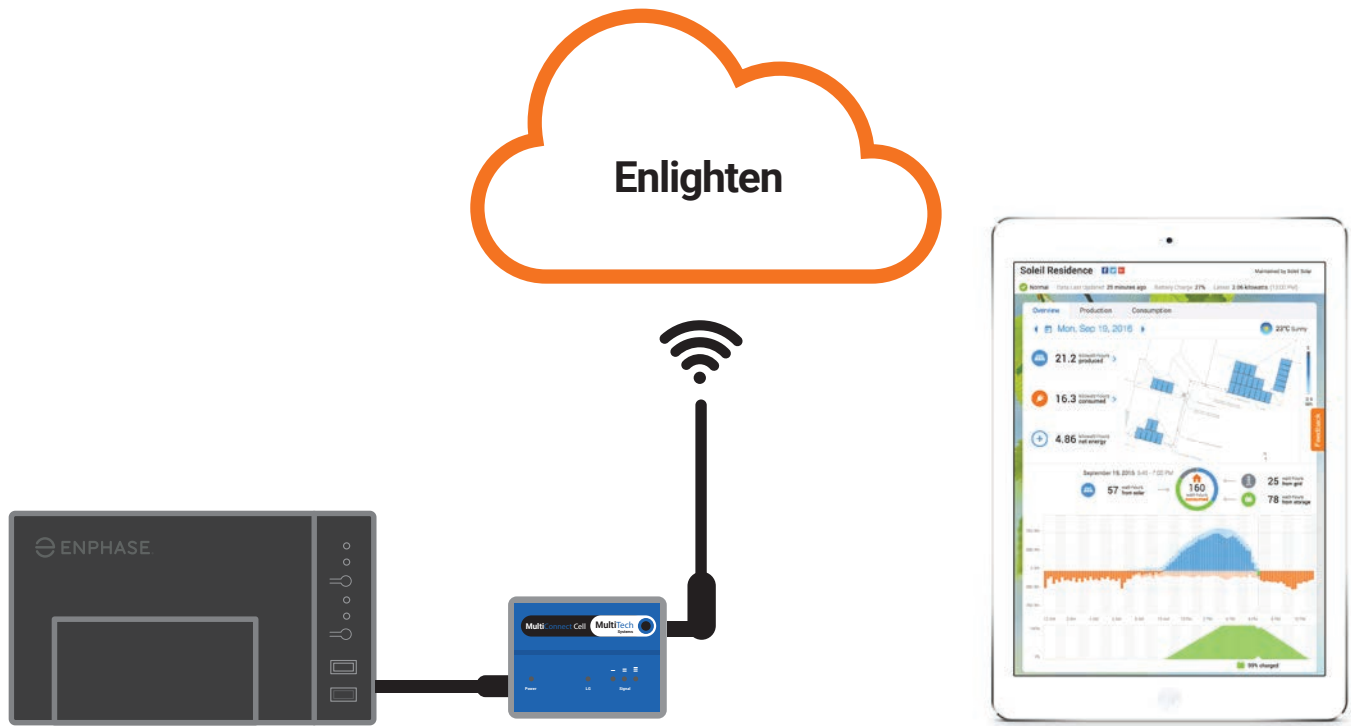

- Lightweight, Antennaless Design
- LTE-M coverage
- 5-year pre-paid AT&T data plan
- 5-year equipment warranty
- Up to 60 microinverters
- Requires Envoy software 5.0.48 or later

Mobile Connect is provided by AT&T and available in the US, Puerto Rico, US Virgin Islands, Canada and Mexico. Visit [ATT.com](http://ATT.com) for a detailed coverage map.

# No Internet? No problem!

Enphase's pre-configured cellular modem plugs into the Envoy-S or IQ-Envoy USB port for one-minute set up.

1. The Envoy-S or IQ Envoy stores 15-minute, microinverter, meter and Enphase Battery performance data.
2. Mobile Connect reports 15-minute data to Enlighten four times a day.
3. Historical performance is presented in both Enlighten Manager and MyEnlighten.

For more information, contact your Enphase authorized distributor.
