

Kinetic Solar Giraffe Mount

KHGT-MM

Serrated Bolt and K-Nut

KHGT25-MM

Serrated Bolt, K-Nut and

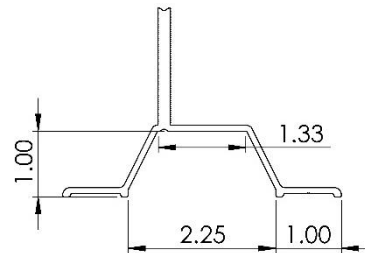

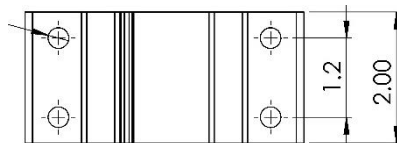

4 x 1/4" x 1 1/2" Self Drilling Screws

KHGT31-MM

Serrated Bolt, K-Nut and

4 x 5/16" x 1 1/2" Lag Bolts

Attaches to	Strapping
Hardware	Stainless Steel
Aluminum Finish	Mill
Gasket	Butyl

The Giraffe Mount saves time and cost with its straightforward design and integrated L-Bracket. It is designed so that the rails run parallel to the seam of the roof (perpendicular to the eave), meaning that landscape installations can be faster and less expensive. It comes with two butyl gaskets, held in place with a retaining lip for superior sealing.
